

KHIDKI TRAY

Taho Living was born from a simple belief, that things made slowly, with skill and intention, last longer and mean more.

We work with some of India's finest metal craftsmen to create pieces that feel both rooted and relevant. Think heritage techniques, modern forms, and a deep respect for the materials we use.

Our collections blend the brutality of metal and stone with the warmth of thoughtful design, built to belong in homes that value both story and style.

Khidki Tray

A plane of textured bronze, resting lightly
against stone, reflecting light rather than
weight.

Khidki Tray

Khidki means 'window' - and it acts as one. It does not anchor the composition. It opens it.
