

DOSA TRAY

Taho Living was born from a simple belief, that things made slowly, with skill and intention, last longer and mean more.

We work with some of India's finest metal craftsmen to create pieces that feel both rooted and relevant. Think heritage techniques, modern forms, and a deep respect for the materials we use.

Our collections blend the brutality of metal and stone with the warmth of thoughtful design, built to belong in homes that value both story and style.

Dosa Tray

Its form is simple: long, narrow, slightly curved at each end. But this is not minimalism. This is memory. The bronze surface carries every mark of the casting process- a texture that is not uniform, but alive. Each pore, each ripple, is a record of how the material chose to cool.

Dosa Tray

The name is tactile. Dosa - a word for thinness, for surface, for that which holds without absorbing. The tray does not demand attention. It reflects it, Quietly. Its job is not to be central, but to be exact.
